Why should you get into golf??

It’s fun and sociable, a great game to share with your partner, best friends, family or business contacts – no matter what your age or sporting ability.

What are the benefits of getting into golf?

Meet new people (great for business), make new friends, go to new places, try something different, enjoy the open air and keep fit.

What are YOU being offered?

A “Taster” session lasting 60 minutes to introduce you golf’s basic skills. Sessions will be relaxed, fun and delivered by top PGA Coaches. The charge of £5 covers your coaching and use of clubs.

Where do you go from there?

Further opportunities to “learn, play and join in” are available at your chosen venue.
